

## STEP 1: access the easychair system: <https://easychair.org>

- Click **Login** (if you already have an easychair account)
- Click **Signup** (if you have not yet an easychair account):

+ This will take you to a new web page. Type the two words that you see in the image and click on "Continue". If you type the words correctly you will be asked to fill out a simple form with your personal information.

+ After submitting the form, EasyChair will send you an email with a link to create an account.

+ You will now be able to log-in easychair System

After Login, you will see interface of system as photo's been shown below:

## Next step:

The screenshot shows the 'My EasyChair' interface. The 'Conferences' link in the top navigation bar is circled in red. A red arrow points from the 'Conferences' link to a table of conferences. A red box highlights the word 'Conference' in the table, with the text 'Click "Conference"' next to it.

#	Acronym	Name

#### Submission Information

**Paper 1**

Title:	DEVELOPMENT OF EMPIRICAL CORRELATIONS FOR IGNITION DELAY IN A SINGLE CYLINDER ENGINE FUELED WITH DIESEL/BIODIESEL BLENDS
Paper:	(Feb 21 16:06 GMT)
Author keywords:	ignition delay diesel biodiesel CFR-PS diesel engine
EasyChair keyphrases:	ignition delay (60)
Topics:	Renewable Energy

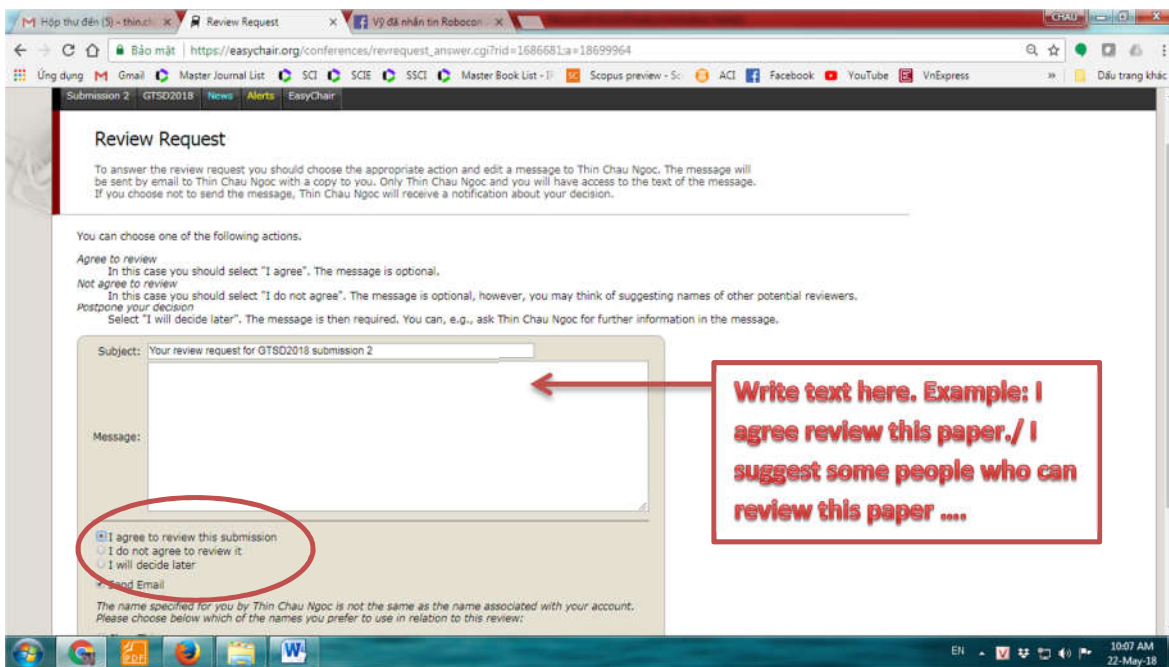

Abstract: Quantifying ignition delay for fuel-air mixture in compression ignition engines is very challenging as it depends on many factors such as: fuel properties, injection temperature and pressure, level of swirl and turbulent, and the mixture framing method. This paper presents an approach to develop empirical correlations for ignition delay in a single cylinder engine powered by diesel/biodiesel blends. The engine used herein is a modified from a common turbo CFR-PS engine. The fuels tested in this study include some consist

## Next step:

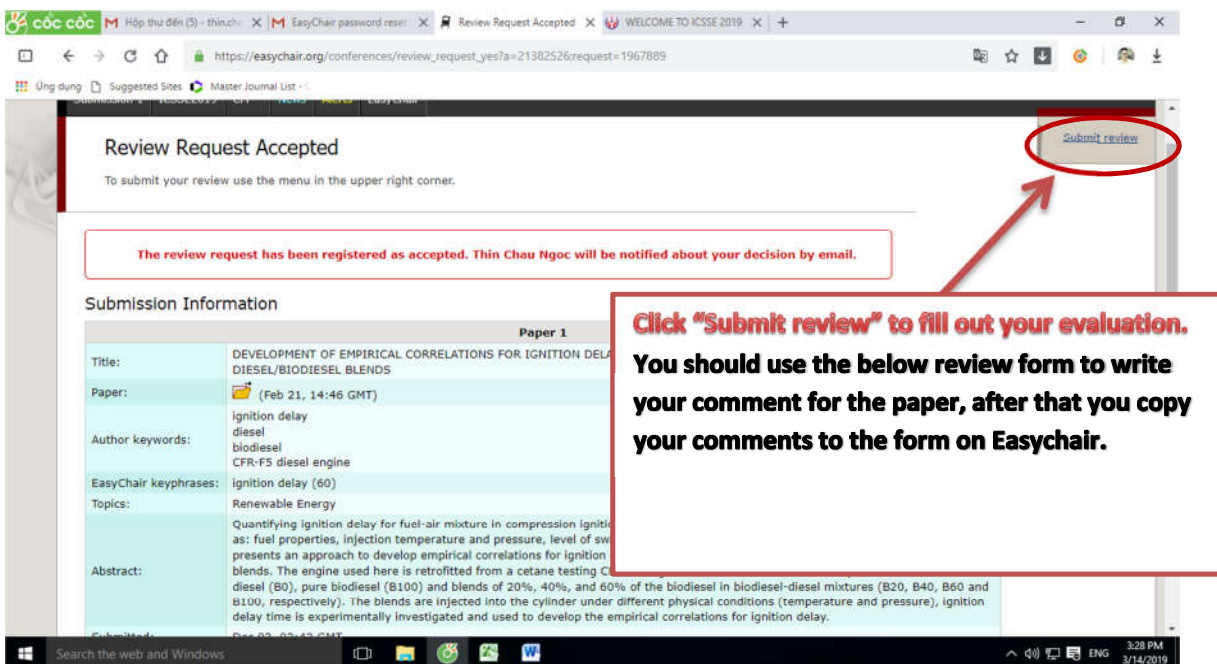

After you click "[Answer request](#)", if you :

- **Agree to review:** in this case you should select "I agree to review this submission". **The message is optional.**
- **Not agree to review:** In this case you should select "I do not agree". **The message is optional, however, you may think of suggesting names and email of other potential reviewers.**
- **Postpone your decision:** Select "I will decide later".

Then click the red button "[Select and/or send message](#)"

**Next step:** (after you selected: **“I agree to review this submission”**)

**Next step:** Evaluate this submission

**Tip:** You should use the below review form (see page 7) to write your comments for the paper, after that you copy your comments to submit review on Easychair.
